**DETAILED ACTION**

**EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Edward A Steen on 12/2/05.

The application has been amended as follows: in claim 3, line 1, please delete "2" and insert \_\_1\_\_.

2. The following is an examiner's statement of reasons for allowance: in light of remarks filed on 7/25/05 and incorporating allowable subject matter in independent claims 1 and 15, claims 1, 3-13, 15, 17-27 are allowable.

The closest prior art of Nyberg et al alone or in combination with other prior art fails to disclose a system/method for performing fragmentation analysis as recited in independent claims 1 and 15. the key distinction between the closest prior art and the claimed invention is that the closest prior art of Nyberg does not rely upon means for determining an orientation and a direction of travel for each vehicle of a plurality of vehicle loaded with respective group of fragmented particles and means for identifying each of plurality of vehicles in combination with other elements as required by the independent claims 1 and 15.

Art Unit: 2623

Accordingly, claims 1, 3-13, 15, 17-27 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
